ITEM-330: (Continued)

CITY MANAGER SUPPORTING INFORMATION:

The proposed project for which Negative Declaration No. 19148 has been prepared and previously certified by the Planning Commission on November 18, 2004, is a wireless communication facility consisting of a new 30-foot high monument structure housing 3 panel antennas and a new 162-square-foot equipment enclosure to be located at St. David's Episcopal Church at 5050 Milton Street. The 1.46 acre project site is zoned RS-1-7 (single-unit residential) and is designated "School Site" and "Low Density Residential" within the Clairemont Mesa Community Plan. The project site is surrounded by residential development. The existing church complex was approved through a Conditional Use Permit (CUP) in 1995.

The wireless communication project was approved by staff on July 9, 2004, and was appealed by a group of neighbors concerned with issues including: aesthetics, noise, inappropriate use, design, health, inconsistencies with previous decisions on the church CUP, and possible impact on property values. After receiving the staff report and testimony from the appellants and interested parties on November 11 and November 18, 2004, the Planning Commission voted 4-3 to uphold staff's decision to approve the project and certify the Negative Declaration. On December 1, 2004, three of the original appellants appealed the Planning Commission's certification of the Negative Declaration.

An Environmental Initial Study was conducted and it was determined that the T-Mobile (Cingular) St. David's project would not have a significant environmental effect and a Negative Declaration was prepared. The document discussed health and safety, land use, visual quality and noise issues as potential issues. All of these issues were analyzed and a full disclosure was provided as part of the Negative Declaration. No public comment was received during the public review period.

FISCAL IMPACT:

All costs associated with processing this appeal are paid from a deposit account maintained by the applicant.

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution to deny the appeal, and to affirm the decision of the Planning Commission in adopting Negative Declaration (ND):

(R-2006-)

Adoption of a Resolution granting or denying the appeal, and upholding or overturning the decision of the Planning Commission in adopting Negative Declaration, Project No. 33137, with appropriate finding to support Council action.

OTHER RECOMMENDATIONS:

Ayes: Garcia, Ontai, Schultz, Griswold, Otsuji

Nays: Chase

Not present: Steele

The La Jolla Community Planning Association on November 9, 2004, voted 6-2-2 to recommend approval of the project.

CITY MANAGER SUPPORTING INFORMATION:

BACKGROUND

The proposed project for which Negative Declaration No. 33137 has been prepared and previously Certified by the Planning Commission on May 12, 2005, is the demolition of an existing single-family residence and the construction of a new two-story, 4,095 square-foot residence with an attached two-car garage.

ADOPTION AGENDA, DISCUSSION, HEARINGS (Continued)

NOTICED HEARINGS: (Continued)

ITEM-331: (Continued)

CITY MANAGER SUPPORTING INFORMATION: (Continued)

The project site is located at 6542 Avenida Wilfredo on an 11,228 square-foot, RS-1-5 zoned site also located within the Coastal Overlay Zone (non-appealable area), Coastal Height Limit and within the boundaries of the La Jolla Community Plan.

This appeal is before the City Council because of an amendment to the California Environmental Quality Act (CEQA). Effective January 1, 2003, Section 21151(c) CEQA has been amended as follows: *If a non-elected decision-making body of a local lead agency certifies an environmental impact report, approves a negative declaration or a mitigated negative declaration, or determines that a project is not subject to this division, that certification, approval, or determination may be appealed to the agency's elected decision-making body, if any.*

Pursuant to this amended legislation, Mr. William Mitchell filed an appeal of the Planning Commission's adoption of Negative Declaration for the Beizai Residence project. This appeal applies only to the environmental determination.

DISCUSSION

The appellant, on the appeal form, states that the Negative Declaration failed to identify potentially significant impacts to aesthetics, air quality, noise and that potential geology impacts remain potentially significant. The following are the relevant issue(s) raised by the appellant and staff response(s):

Aesthetics, Air Quality and Noise-The appeal is not specific as to how the project may have a significant impact on aesthetics, air quality or noise. The proposed project is a residential single family home, located within the RS-1-5 Zone, which allows for single-family development and was found to comply with all of the applicable development regulations of the underlying zone. Based on the City's Significance Thresholds, the proposed project does not have a significant impact to aesthetics, air quality or noise.

Geology-The appeal is not specific as to what potential geology impacts remain potentially significant. The Environmental Determination included the review of two submitted geotechnical reports prepared by Southern California Soils & Testing, Inc., titled "Report of Geotechnical Investigation, Proposed Beizai Residence, 6542 Avenida Wilfredo, La Jolla, California," dated March 5, 2004, and "Response to Comments, Proposed Beizai Residence, 6542 Avenida Wilfredo, La Jolla, California," dated August 17, 2004.

ADOPTION AGENDA, DISCUSSION, HEARINGS (Continued)

NOTICED HEARINGS: (Continued)

ITEM-331: (Continued)

CITY MANAGER SUPPORTING INFORMATION: (Continued)

According to the reports, the site was found suitable for the proposed development and the site would have a factor-of-safety of at least 1.5 with respect to gross and surficial slope stability at the completion of the project. Proper engineering design of all new structures would ensure that the potential for geologic impacts from regional hazards would not be significant.

Staff's analysis, to determine whether the Beizai Residence project would have a significant effect on the environment, was based on substantial evidence that included facts and documentation based on reasonable assumptions predicated upon facts. Upon completion of the Initial Study, staff determined that no significant impacts would result from the proposed development, no mitigation would be required, and a Negative Declaration was prepared in accordance with CEQA.

CONCLUSION

Staff has investigated the issue(s) raised by the appellant and determined that no substantial evidence of unmitigated impacts exists. Staff believes that the Negative Declaration prepared for the project is in conformance with the California Environmental Quality Act (CEQA). Staff therefore recommends affirming the Planning Commission's certification of Negative Declaration No. 33137, under Section 21080(c) of the State CEQA Guidelines.

ALTERNATIVE

Grant the appeal, set aside the environmental determination, and remand the matter to the lower decision maker for reconsideration, with any direction or instruction the City Council deems appropriate (Negative Declaration, Project No. 33137).

FISCAL IMPACT:

None with this action. All cost associated with the processing of this project are paid by the applicant.

ITEM-332: (Continued)

CITY MANAGER SUPPORTING INFORMATION

BACKGROUND

The proposed project for which Negative Declaration No. 5179 has been prepared and previously certified by the Hearing Officer on November 10, 2004, is the split of an existing 29,577 square-foot lot and construction of a new two-story single-family residence. The proposed residence is to total 3,796 square-feet of gross floor area, to be located on the newly created parcel two, a 14,986 square-foot property. The existing residence will remain on parcel one, a 14,591 square foot lot. The project site is located at 7194 La Jolla Scenic Drive South, within the SF Zone of the La Jolla Shores Planned District, Coastal Overlay Zone (non-appealable), Coastal Height Limitation Overlay Zone, and within the La Jolla Community Planning Area.

The decision of the Hearing Officer to approve the project was appealed to the Planning Commission. On May 12, 2005, the Planning Commission voted 3 to 3 on a motion to approve the appeal and deny the project. The 3 to 3 vote resulted in no action by the Planning Commission, which meant that the Hearing Officer's previous certification of the environmental document and approval of the project stood.

This appeal is before the City Council because of an amendment to the California Environmental Quality Act (CEQA). Effective January 1, 2003, Section 21151 (c) CEQA has been amended as follows: If a non-elected decision-making body of a local lead agency certifies an environmental impact report, approves a negative declaration or a mitigated negative declaration, or determines that a project is not subject to this division, that certification, approval, or determination may be appealed to the agency's elected decision-making body, if any.

Pursuant to this amended legislation, Mr. Gary McMullen filed an appeal (Attachment No. 2) of the Hearing Officer's adoption of Negative Declaration for the Rashid Residence project. This appeal applies only to the environmental determination.

FISCAL IMPACT:

None with this action. All cost associated with the processing of this project are paid by the applicant.

CITY MANAGER SUPPORTING INFORMATION:

The proposed project site is located on the north side of the 800 Block of West Washington Street, bounded by Goldfinch Street, Falcon Street, and Fort Stockton Drive. The proposed project site is located within the Mid-City Communities Planned District, and is currently zoned MR-1000 and CN-2A. The northeast corner of the project site/block (Lots 17-24), bounded by Fort Stockton Drive and Falcon Street, is zoned MR-1000 (Residential – Multiple Unit; 1 dwelling unit per 1,000 square-feet of lot area). The remaining portion of the site/block (Lots 1–16) is zoned CN-2A (Mixed Use/Residential – Multiple Unit; 1 dwelling unit per 800 square-feet of lot area). The project as zoned, allows for a total of 59 units, however, the proposal includes an affordable housing density bonus request, which would allow up to an additional 25 percent density bonus. The project is only requesting an approximately 17 percent increase in density to allow for the development of ten additional units for a total of 69 units.

The proposed project site is located within the Uptown Community Plan that designates the 0.71 – acre portion of the site for Mixed Use allowing 44-73 dwelling units per acre (dus/acre), and Medium to High Density Residential at 29-44 dus/acre on the 0.46-acre northeastern portion of the site. According to the Land Use Element of the Community Plan, the proposed project, occupying 1.17-acres, could accommodate between 45 and 72 dwelling units.

The surrounding development consists of a mixture of one- and two-story commercial structures; and two-, three-, and four-story multi-family structures. Currently, the south side of West Washington Street is developed with retail, office, restaurant, and a neighborhood bar. The development on the west side of Goldfinch Street contains two restaurants, retail, and commercial office uses. The development to the north of the project site on Fort Stockton Drive contains two single-family residences that have been converted into retail uses and a three-story structure over parking garage, multi-family complex. The development at the northeast corner of Falcon Street consists of a two-story structure over garage, multi-family complex, and the Mission Hills Commons complex is located directly to the east of the project site.

The 30 day continuance will allow staff to get some questions answered and to work with the School District to resolve these issues.)

NOTE: Hearing open. No testimony taken on 6/28/2005. Districts 2 and 8 not present.

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-2005-1268)

Vacating a portion of Polk Avenue between Wilson Avenue and 35th Street and a portion of the alley north of Polk Avenue; the portion of 49th Street between Orange and Polk Avenues and the alleys east and west of 49th Street; the alley between 38th and 39th Streets, portions of 38th and 39th Streets between Wightman and Landis Streets, and a portion of Landis Street east of 38th Street.

CITY MANAGER SUPPORTING INFORMATION:

Edison Elementary (Polk Avenue and alley north of Polk)

Edison Elementary School is currently located north of University Avenue, south of Polk Avenue, east of 35th Street and west of Wilson Avenue. The Rights-of-Way to be vacated consist of a portion of Polk Avenue and an alley north of Polk Avenue between 35th Street and Wilson Avenue to allow for the expansion of the school as part of the Prop MM Program. The City has determined that these public Rights-of-Way are no longer needed. Through alley access would be provided via an extension of the alley to 35th Street.

ITEM-335: Three actions related to Bird Rock Maintenance Assessment District Formation.

(La Jolla Community Area. District 1.)

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolutions:

Subitem-A: (R-2005-1256)

Authorizing the City Auditor and Comptroller to establish the Bird Rock Maintenance Assessment District Fund.

Subitem-B: (R-2005-1257)

Approving Fiscal Year 2006 Budget for the Bird Rock Maintenance Assessment District.

Subitem-C: (R-2005-1259)

Considering the protests, approving Assessment Engineer's Report, confirming the assessments, and ordering the improvements, maintenance and/or services, in the matter of the Bird Rock Maintenance Assessment District.

CITY MANAGER SUPPORTING INFORMATION:

~~This action authorizes the ballot protest proceedings to form the Bird Rock Maintenance Assessment District (District). If there is no majority protest upon completion of the ballot protest proceedings, this action establishes the Bird Rock Maintenance Assessment District (District).~~

The District is located in the La Jolla Community Planning Area roughly along the La Jolla Boulevard corridor south of La Cañada Street and north of Wrelton Street. Between September 2004 and January 2005, residents of Bird Rock became the first to meet the criteria established in Council Policy 100-21, Funding for Maintenance Assessment District (MAD) Formation. As a result, up to \$50,000 from the MAD Formation Fund has been made available to the community to assist with District formation costs. If the vote passes, the new District will repay the MAD Formation Fund. The purpose of the District is to fund the enhanced maintenance of landscaping, hardscaped surfaces, and improvements located in dedicated public rights-of-way, including medians, sidewalks, bulb outs, curbs, and gutters. Maintenance may include litter control, fertilizing, irrigation, weed control, pest control, pruning, edging, and tree maintenance for plant health and appearance, hardscape and streetscape cleaning; incidental traffic control, security and the maintenance of irrigation, electrical and similar system components.

FISCAL IMPACT:

Approximately \$165,007 will be assessed to the property owners within the Bird Rock Maintenance Assessment District in FY 2006. The proposed Fiscal Year 2006 assessments and maximum authorized assessments are permitted to increase annually at a rate equivalent to the San Diego Consumer Price Index – Urban (SDCPI-U) plus 3%. The total General Fund assessment for two City-owned parcels is \$36.90 in Fiscal Year 2006. Future contributions from the Gas Tax Fund will be requested in the Fiscal Year 2007 budget process as medians are brought on-line.

ITEM-336: Penasquitos West.

Matter of approving, conditionally approving, modifying or denying to rezone 30.1-acre site located east of Camino del Sur and west of Calderon Way in the Torrey Highlands Plan Area from A-1-10 (agriculture) to R1-5000 (RS-1-14) single family and R-2000 (RM-1-4) multi-family; Vesting Tentative Map to subdivide the parcel into 108 single family lots, one multi-family lot and 8 open space lots; Planned Residential Development Permit and Resource Protection Ordinance Permit to construct 108 single-family units and 21-affordable multi-family units.

(Torrey Highlands Community Plan Area. District 1.)

CITY MANAGER'S RECOMMENDATION:

Introduce the ordinance in subitem A; adopt the resolution in subitem B; adopt the resolution in subitem C to grant the map; and adopt the resolution in subitem D to grant the permits:

Subitem-A: (O-2005-139)

Introduction of an Ordinance changing 27.04 acres, from the A1-10 Zone to the RS-1-14 Zone and 1.22 acres from the A1-10 Zone to the RM-1-3 Zone (previously) referred to as the R1-5000 and R-2000 Zones) located east of Camino Del Sur and west of Calderon Road, in the Torrey Highlands (Subarea IV) Plan Area, in the Torrey Highlands Community Plan Area, in the City of San Diego, California, as defined by San Diego Municipal Code Section 131.0403 and 131.0406, repealing Ordinance No. O-12657 (New Series), adopted May 22, 1979, of the Ordinances of the City of San Diego insofar as the same conflicts herewith.

Subitem-B: (R-2005-1217)

Adoption of a Resolution certifying Mitigated Negative Declaration No. 2266, on file in the office of the City Clerk, has been completed in compliance with the California Environmental Quality Act of 1970 (California Public Resources Code Section 21000 et seq.), as amended, and the State guidelines thereto (California Code of Regulations section 15000 et seq.), that the declaration reflects the independent judgment of the City of San Diego as Lead Agency and that the information contained in the report, together with any comments received during the public review process, has been reviewed and considered by this Council in connection with the approval of a vesting tentative map, resource protection ordinance permit, planned development permit and rezone for the Penasquitos West project;

ITEM-336: (Continued)

Subitem-B: (Continued)

That the City Council finds that project revisions now mitigate potentially significant effects on the environment previously identified in the Initial Study and therefore, that the Mitigated Negative Declaration, a copy of which is on file in the office of the City Clerk and incorporated by reference, is approved;

That pursuant to California Public Resources Code section 21081.6, the City Council adopts the Mitigation Monitoring and Reporting Program, or alterations to implement the changes to the project as required by this body in order to mitigate or avoid significant effects on the environment, a copy of which is attached hereto, as Exhibit A, and incorporated herein by reference;

That the City Clerk is directed to file a Notice of Determination (NOD) with the Clerk of the Board of Supervisors for the County of San Diego regarding the above project.

Subitem-C: (R-2005-)

Adoption of a Resolution granting or denying Vesting Tentative Map No. 8165, with appropriate findings to support Council action.

Subitem-D: (R-2005-)

Adoption of a Resolution granting or denying Planned Residential Development Permit No. 89234 and Resource Protection Ordinance Permit No. 8166, with appropriate findings to support Council action.

OTHER RECOMMENDATIONS:

Planning Commission on February 24, 2005, voted 7:0 to approve; was opposition.

Ayes: Otsuji, Garcia, Ontai, Schultz, Chase, Steele, Griswald

There is no City Council recognized Community Planning Group for Torrey Highlands. The adjacent Rancho Penasquitos Community Planning Board voted 12:0:1 on January 5, 2005 to recommend approval of the project with no conditions.

ITEM-336: (Continued)

CITY MANAGER SUPPORTING INFORMATION:

The 30.1-acre site is in the Torrey Highlands (Subarea IV) Plan area. The site is undeveloped and was previously in agricultural use. The site is designated low density residential and is zoned A-1-10. The project was deemed complete prior to January 1, 2000; therefore it was reviewed under the old zoning regulations. Approval of this Planned Residential Development Permit (PRD), Resource Protection Ordinance Permit (RPO), Vesting Tentative Map (VTM), and rezone, will permit the construction of 108 single-family units and 21 affordable multi-family housing units on-site, and 8 open space lots. The 21 affordable units represent 20 percent of the pre-density bonus market rate units required by the Housing Element of the Subarea Plan and the North City Future Urbanizing Area Framework Plan.

For the single-family homes, a deviation from the required front yard setback of 15-feet to 10-feet is proposed to implement the design standards of the Subarea Plan. The deviation will facilitate placing the garages at the rear of the properties creating a more pedestrian friendly neighborhood. A deviation from the street side setback of 10-feet to 5-feet for Lots 2, 3 and 26 is also requested. All three lots are adjacent to sloped parcels, which are HOA owned and maintained. And, a deviation from the maximum building height of 30-feet to 35-feet is proposed for chimneys.

FISCAL IMPACT:

All staff costs associated with the processing of this project are recovered from a separate deposit provided by the applicant.

Oppenheim/Halbert/PXG

LEGAL DESCRIPTION:

The site is located east of Camino del Sur and is bounded on the north, east, and south by residential developments. It is currently zoned A1-10, with a proposed rezoning to R1-5000 (single family) and R-2000 (multi-family), and is in the Torrey Highlands (Subarea IV) Plan Area of the North City Future Urbanizing Area (NCFUA) (APN 306-021-15, the west half of the south quarter of Section 12, Township 14 South, Range 3 West, San Bernardino Meridian, in the City of San Diego, County of San Diego, State of California.
